

# DEWALT *TOUGHSYSTEM*<sup>®</sup>

## TOUGHSYSTEM<sup>®</sup> FAMILY

ADAPT IT TO TAKE JUST WHAT YOU WANT, WHEN YOU WANT IT

**GUARANTEED TOUGH.<sup>®</sup>**

**DEWALT** ***TOUGHSYSTEM***<sup>®</sup>

## **MAKE IT WORK FOR YOU**

**A mobile modular storage system that allows you to quickly and easily change the combination of tools you take to work**

### **CUSTOMIZATION**

ToughSystem<sup>®</sup> can be configured to meet your needs with a variety of options from toolboxes to totes and a jobsite radio.

### **TIME SAVING**

A unique patented system allows any unit to be loaded or removed without removing the rest.

### **MOBILITY**

The carrier features a locking system to secure all the loaded toolboxes, plus it can also be used to carry additional equipment and materials. The 216mm heavy-duty rubber wheels allow easy maneuverability on rough terrain. When carrying the toolboxes by hand, they can also be fastened together, by side latches allowing them to be carried as a stack.

### **TOUGHNESS AND DURABILITY**

Offering the ultimate in toughness and high impact protection, with a 4mm thick reinforced outer casing, which also features rust-resistant metal latches for added durability. The heavy duty metal carrier has a foldable plate that can carry up to 120 kgs.

### **PROTECTION AND SECURITY**

With toolboxes IP65 rated and the radio IP54 rated for water and dust resistance it can withstand the elements. They also feature padlock eyes for lockable security.

**GUARANTEED TOUGH.**<sup>®</sup>

**CHOOSE THE COMBINATION  
TO SUIT YOU**

## TOUGHSYSTEM®

DS100

Maximum load capacity 200kg

**GUARANTEED TOUGH.®**

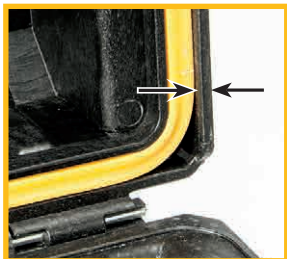

# UNBEATABLE TOUGHNESS, PERFORMANCE AND PROTECTION

# DEWALT *TOUGHSYSTEM*®

Thick reinforced structural foam outer casing for high impact protection.

Rust-resistant metal latches for durability.

Heavy-duty bi-material handles provide a comfortable grip.

Side handles offer alternative lifting and easy maneuverability.

When carrying the toolboxes by hand, they can also be fastened together, allowing them to be carried as a stack.

A high performance seal in the lid ensures they are dust tight and water resistant to withstand severe weather.

A pressure relief valve enables equalization of the pressure inside and outside the unit.

Padlock eyes provide lockable security.

## *TOUGHSYSTEM*® DS150

Features a lid insert to carry drill bits and small components, plus interior organizer compartments for small parts storage, which are removable to make it suitable for carrying tools.

## *TOUGHSYSTEM*® DS250

Features a deep drawer for power tools and hand tools and shallow drawer with removable cups for small parts and accessories.

**GUARANTEED TOUGH.®**

# TOUGHSYSTEM®

## DSCARRIER

Heavy-duty metal frame

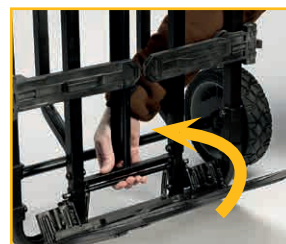

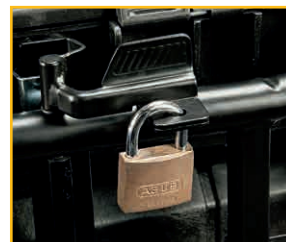

Height adjustable, foldable brackets allow for tailored configuration.

Additional pairs of brackets are available for when you wish to carry more than 3 units

216mm heavy-duty rubber wheels

The scoop is foldable for storage and can carry a maximum load of 120 kgs

Central locking mechanism secures the units to the frame and can be padlocked

wide track, semi-pneumatic tires allow for additional stability, easy movement and no tire maintenance

# TOUGHSYSTEM®

## DS300

Features a removable tote tray for smaller tools and accessories

# TOUGHSYSTEM®

## DS400

Features a removable tote tray for smaller tools and accessories and a removable vertical organizer

**GUARANTEED TOUGH.®**

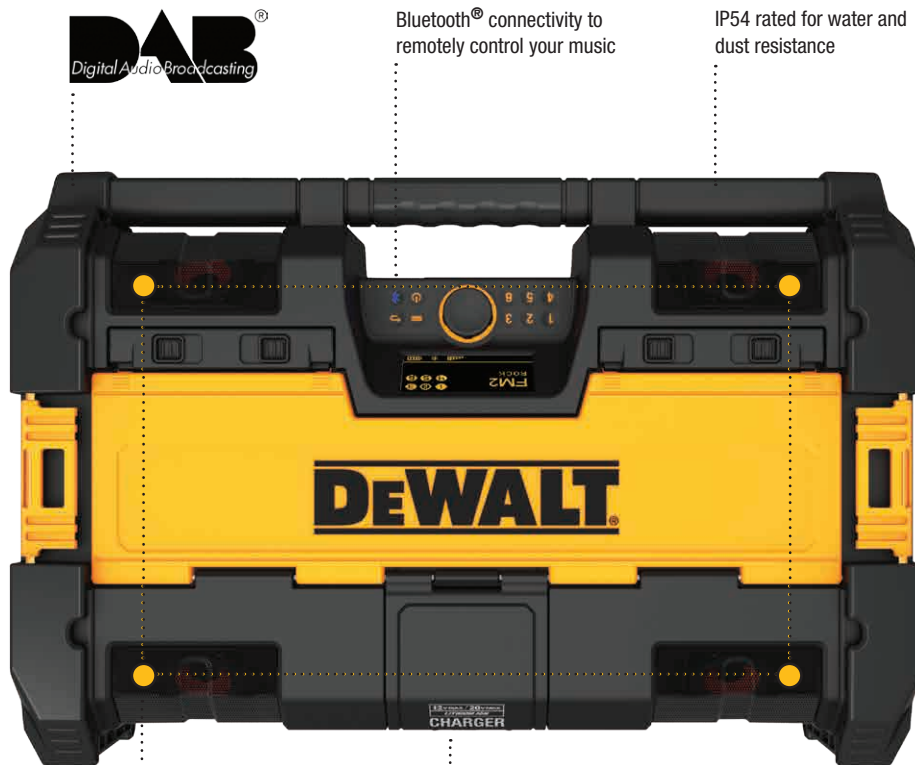

# TOUGHSYSTEM®

## MUSIC + CHARGER

**DAB**  
Digital Audio Broadcasting

Bluetooth® connectivity to remotely control your music

IP54 rated for water and dust resistance

Premium sound for worksite listening  
4 Full range tweeters + 1 Subwoofer + 1 Assisted bass resonator

## ToughSystem® Compatible

6 FM preset channels + Bluetooth® connectivity to listen to music from your mobile device or tablet

Compartment for mobile phone, AUX cables, etc.

Charging capabilities for 10.8V / 18V DEWALT batteries. Unit runs on AC power or 10.8V / 18V DEWALT batteries.  
(Battery not included)

# TOUGHSYSTEM®

## DS100

Features 12 removable cups in two sizes for easy small parts sorting.

# TOUGHSYSTEM®

## DS350

Allows for easy access to larger tools.

**GUARANTEED TOUGH.®**

# TOUGHSYSTEM®

## WORKSHOP

A workshop racking system that allows the organized, safe and tidy storage of all ToughSystem boxes and components.

Adjustable bracket heights for flexible configuration

Self assembly.  
Bolts securely to the wall

Load capacity of 40kg per pair of brackets

Total load capacity of 200kg

**GUARANTEED TOUGH.®**

# **TOUGHSYSTEM®**

## **DS450**

Tilting handling for maximum access

4mm thick reinforced case for impact resistance

Heavy duty wheels

**GUARANTEED TOUGH.®**

## TESTED FOR TOUGHNESS

We test the DEWALT® **TOUGHSYSTEM**® storage family under real life conditions.

Raw materials for the DEWALT® **TOUGHSYSTEM**® are tested to meet quality and product specifications.

All testing is performed according to international standards.

An uncompromising quality process ensures that the final product gives excellent performance.

TEST	PERFORMANCE
MAXIMUM LOAD DS100	Capacity 20 kgs
MAXIMUM LOAD DS250	Capacity 20 kgs
MAXIMUM LOAD DS280	Capacity 20 kgs
MAXIMUM LOAD DS150	Capacity 20 kgs
MAXIMUM LOAD DS300	Capacity 30 kgs
MAXIMUM LOAD DS400	Capacity 50 kgs
MAXIMUM LOAD OF DSCARRIER	Withstands hanging load capacity of up to 50 kgs total load on brackets. Maximum load capacity of folding plate is 120 kgs* <small>*80 kgs is the maximum load limit for the toe plate when using stairs</small>
DROP TEST	No breakage after drops from 300mm height when carrying maximum load* <small>*Per max capacity load declared above</small>
METAL RESISTANCE TO CORROSION	(ASTM B117 G85) withstands 24 hours in 5% salt spray (fog) with no corrosion
HANDLE STRENGTH	Tested for over 3,000 lifts of the toolbox with maximum load capacity* <small>*Per max capacity load declared</small>
HINGE DURABILITY	Hinges withstand 1000 open/close cycles* <small>*Per max capacity load declared</small>
VIBRATION TEST FOR HANDLE, WHEELS & GENERAL PERFORMANCE	The carrier at full rated load rolled over 4 kilometers on rough surface with 11 cm high steps every 6 meters
LID COMPRESSION TEST	Withstands up to 200 kgs evenly distributed on top of the lid
WATER RESISTANCE	Toolboxes IP65 rated, Radio IP54 rated
